Dear (name),

When someone takes the time to recount a positive experience, it speaks volumes. You completed a patient survey at Dr. Martins office with a very nice testimonial, and so I would like to request a small favor. We are updating our website and would like permission to use your testimonial. It will give others a sense of the experience and service we strive to offer. If you would, please sign the release form enclosed giving us permission to use your words, and mail back with the self-addressed stamped envelope provided.
